## 2020 Christmas Cards

### Flourishing at RCMA

"I drew an Angel for Christmas." Daniel has been in RCMA since he was a baby. His mom and dad are from Mexico and work in the fields. Daniel participated in a national math team with his peers. He helps his brothers with math homework and enjoys reading sci-fi adventures. "At school I like science best," he said. Daniel runs 10-12 miles a week on a running team. "At home I like to play soccer with my brothers and chess with my Dad."

RCMA provides quality early childhood programs, education, and support services to rural low-income children, ages infant through eighth grade. Using a thematic and integrative approach, RCMA focuses early on language and math while increasing self-esteem and social skills.
