#### Weekend Events

### Principal's Message

I know that it goes without saying that we have wonderful parents, who are always ready to assist with any project. We decided that we wanted to make some changes to the "look" of our courtyard. We initially contacted an outside contractor but after seeing the cost, we tapped into our internal talent, Santos Vela! He is the architect behind what you see above. We advised SAC parents about the plan and they graciously agreed to help. Thank you to Norma Cruz, Rolando Marques, Nahum Hernandez, Evelia Evenes, Rogelio Barrios, Reina Lopez, David Vazquez, and Servando Valdez. Our middle school boys also assisted with the prep work of the area. It looks amazing Mr. Santos - thank you to all! Phase 2 coming soon!
