Letter of Transmittal

To the Board of Directors of RCMA Wimauma Community Academy A Program of Redlands Christian Migrant Association, Inc.

The accompanying report consists of management's representation concerning the finances of RCMA Wimauma Community Academy, a program of Redlands Christian Migrant Association, Inc. (RCMA) (a not-for-profit), hereafter referred to as the School. We, the management of the School, assume full responsibility for the completeness and reliability of all the information presented herein.

Redlands Christian Migrant Association, Inc. (RCMA) (the Organization) was incorporated as a not-for-profit organization under the laws of the State of Florida in 1965, for the purpose of operating child care centers, including services to children with disabilities and early childhood education centers for the children of migrant and seasonal farm workers whose families' total income does not exceed an amount over the poverty levels. In 1999, the board of directors and administration of RCMA approved a plan to open a two charter schools (RCMA Wimauma Academy and RCMA Leadership Academy) since this was in line with the Organization's mission. The Organization obtained approval and opened its charter schools for the 2000 - 2001 school year under a charter of the sponsoring school district, the Hillsborough County Public School Board (the District). In 2015, the current charter was renewed for five (5) additional years. During 2020, a new contract was approved by the District for ten (10) years ending in 2030, in which the school will operate as a single institution under the new name RCMA Wimauma Community Academy.

Generally Accepted Accounting Principles in the United States of America require that management provide a narrative introduction, overview, and analysis to accompany the basic financial statements in the form of Management's Discussion and Analysis (MD&A). Such MD&A is included herein on pages 7 - 14 and such analysis as well as the presentation of this report would not have been possible without the efficient and dedicated services of the entire staff of RCMA's fiscal department.

Respectfully submitted,

Isabel Garcia, Executive Director

Established in 1965, RCMA is an equal opportunity employer funded in part by:

Independent Auditor's Report

To the Board of Directors of RCMA Wimauma Community Academy A Program of Redlands Christian Migrant Association, Inc.

Opinion

We have audited the accompanying financial statements of the governmental activities and each major fund of RCMA Wimauma Community Academy (the School), a program of Redlands Christian Migrant Association, Inc. (RCMA) (a not-for-profit organization), as of and for the year ended June 30, 2022, and the related notes to the financial statements, which collectively comprise the School's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to below present fairly, in all material respects, the respective financial position of the governmental activities and each major fund of the School, as of June 30, 2022 and the respective changes in financial position and for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standard applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the School, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the School's ability to continue as a going concern for twelve months beyond the financial statement date,

ZOMMA Group, LLP 355 Alhambra Circle, Suite 1100, Coral Gables, Florida 33134 P: 305.444.8288 F: 305.444-8280 www.zommagroup.com

including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards and Government Auditing Standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Schools internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the School's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis (pages 7 -14) and budgetary comparison information on (page 35-36) be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

In accordance with Section 218.39(4), Florida Statutes, and Sections 10.856(2)(d) and 10.806(2)(d), Rules of the Auditor General, we have issued a Management Letter Pursuant to the Rules of the Auditor General for the State of Florida (Pages 33 - 34) dated October 5, 2022.

Other Information

Management is responsible for the other information included in the annual report. The other information comprises the introductory section (Pages 1-2) but does not include the basic financial statements and our auditor's report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

Report on Summarized Comparative Information

We have previously audited RCMA Wimauma Community Academy's 2021 financial statements, and expressed an unmodified audit opinion on those audited financial statements in the report dated September 23, 2021. In our opinion, the summarized comparative information presented herein as of and for the year ended June 30, 2022, is consistent, in all material respects, with the audited financial statements from which it has been derived.

Other Reporting Required by Government Auditing Standards

In accordance with Government Auditing Standards, we have also issued our report (pages 31 – 32) dated October 5, 2022 on our consideration of RCMA Wimauma Community Academy's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts, grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of the audit performed in accordance with Government Auditing Standards in considering the school's internal control over financial reporting and compliance.

School Programs

Redlands Christian Migrant Association (RCMA) is a 57-year-old not-for-profit organization serving 6,000 migrant and low-income children in rural, agricultural communities in 21 Florida counties. RCMA first began serving rural communities in 1965 with early childhood development center. The educational programs expanded to include school age programs in response to a gap in educational services indicated by RCMA families. The organization currently operates two RCMA Community Charter Academies with locations in Collier and Hillsborough County. RCMA Community Charters are unique in their focus on dual language and wrap around programs as integral to the schools.

RCMA Wimauma Community Academy (WCA or the School), a Title 1 K-8 school, serves 342 students living in Wimauma and neighboring communities in Hillsborough County. The students come from families who work in agriculture-related businesses. WCA families remain underemployed, working full time and with average family income well below the poverty threshold. As a result, 100% of students qualify for free-and-reduced lunch. WCA prioritizes enrollment for students from families who migrate seasonally for work, with 20% of the student population considered migrants. School families have roots in Guatemala and Mexico and represent varied cultural traditions and languages. The majority of families speak Spanish, but 28% of all families also speak an indigenous language, making many of WCA's scholars trilingual.

WCA is a community school with a broadened curriculum. This means academics go hand-in-hand with enrichment programs and wraparound services that address the students' intellectual, physical and social-emotional development. The School helps students cultivate a growth mindset focusing on continual improvement and success as the results of effort, perseverance, and practice. WCA's rigorous dual language Spanish-English academic program is designed to help students master grade level content and skills, be bilingual and bicultural, and perform at-or-above grade level in both languages. Dual language implementation is currently in place in kinder through 5th grades, with each successive year adding an additional grade to the program.

The community school design complements academics with comprehensive health and wellness programs. These programs focus on prevention and addresses intervention as needed. Included among the components are a robust social emotional (SEL) curriculum, mindfulness practices such as meditation and yoga, and a nutrition program. Nutritional services benefit students and families and the school provides monthly distribution of fresh produce to school families. Along with this, are mental health programs, dental services, and vaccination clinics to support overall health and wellness. These are possible thanks to partnerships with local and national organizations and donors.

Family Partnership and Services

Parent collaboration, education and representation have been a hallmark of RCMA's early childhood centers and continues to be at the core of WCA's school-family partnerships programs. The School's School Advisory Committee (SAC) serves as a vehicle for family participation and decision-making on vital school issues, including the school improvement plan. The School hosts several yearly events and celebration on traditional cultural activities such as Cinco de Mayo, Dia de las Madres, and Day of the Dead. The yearly Fall Festival is another favorite event with soccer tournaments, games, and food, which

Family Partnership and Services (continued)

is at the heart of many school gatherings. One of the more popular workshop held for parents each year is the *Abriendo Puertas* series. These six-week sessions, support good parenting, help parents understand child development during milestone stages and provide strategies to help parents academically support their students at home. The original series has expanded to include health and wellness. The past two years speakers played a pivotal role in keeping families informed on such health-related issues as vaccines, mental health support, and other forms of self-care. The meetings and workshops have been held via Zoom in the last two years but are projected to be in-person this coming year.

Assessment and Accountability

Student performance monitored throughout the year using the NWEA Measure of Academic Progress (MAP), a nationally normed assessment. Reading is measured in both Spanish and English for all dual language classrooms. The Florida Department of Education (FDOE) requires public and charter schools to administer the Florida State Assessment to all 3rd to 8th grade students at the end of the year. This assessment determines student growth and proficiency on grade level standards as well as school grades. WCA's students once again demonstrated strength in math achievement, with 88% of all 5th grade students performing at or above grade level and middle school students showing strong results on both the Algebra and Geometry End-of-Course (EOC) portion of the FSA. All but one-eighth grader scored at proficiency, an impressive feat given this is a high school level course. Based on student growth and proficiency this year on the FSA, the School was given a B grade by the FDOE.

One of the most significant measures of the Academy's success has been the high school acceptance rate to competitive programs for this year's graduating 8th graders. Out of a graduating class of 38 students, 18 students were accepted to the competitive program at Cristo Rey High School in Tampa and seven were accepted into Lennard High School's Collegiate Academy, a dual enrollment high school/college program.

High school graduation rates for WCA's alumni is an equally important measure of success and this year was the most impressive to date, with all but one alumni completing high school successful. Among the standout graduates were two graduates receiving top honors. Edgar Murillo graduated as the school's salutatorian and received a full scholarship to Tufts University. Neftali Gomez was similarly recognized and was awarded a full scholarship to Middlebury College.

Edgar came to the United States when he was eleven years old with no knowledge of English. He credits his years at WCA for giving him self-confidence and helping him feel empowered. Both Edgar and Neftali also credit the Berkeley Prep Berkeley Scholars program with giving the tools they needed to succeed in high school and prepare for college. Both are among the first cohort of high school graduates who participated in the Berkeley Academy program.

Financial Highlights

- 1. The assets of the School exceeded its liabilities at June 30, 2022 by \$455,917 (net position).
- 2. At year-end, the School had current assets on hand of \$933,463.
- 3. The change in net position of the School increased by \$86,022 during the year.

Overview of the Financial Statements

This discussion and analysis is intended to serve as an introduction to the School's basic financial statements. The School's financial statements for the year ended June 30, 2022 are presented under GASB Codification Section 2200. The financial statements have three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also contains other required supplementary information in addition to the basic financial statements themselves.

Government-Wide Financial Statements

The government-wide financial statements are designed to provide readers with a broad overview of the School's finances, in a manner similar to a private-sector business.

The *Statement of Net Position* presents information on all of the School's assets, deferred outflows of resources, liabilities, and deferred inflows of resources. The difference between the two is reported as *net position*. Over time increases or decreases in net assets may serve as an indicator of whether the financial position of the School is improving or deteriorating.

The *Statement of Activities* presents information on how the School's net position changed during the fiscal year. All changes in net position are reported when the underlying event occurs without regard to the timing of related cash flows. Accordingly, revenue and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods.

The government-wide financial statements can be found on pages 15 - 16 of this report.

Fund Financial Statements

A "fund" is a collection of related accounts grouped to maintain control over resources that have been segregated for specific activities, projects, or objectives. The School, like other state and local governments, uses fund accounting to ensure and report compliance with finance-related legal requirements.

All of the funds of the School are governmental funds. *Governmental Funds* are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. Governmental Fund financial statements, however, focus on *near-term* inflows and outflows of spendable resources, as well as on the balances of spendable resources which are available at the end of the fiscal year. Such information may be used to evaluate a government's requirements for *near-term* financing.

Overview of the Financial Statements (continued)

Fund Financial Statements (continued)

The Board of the School adopts an annual appropriated budget for its general fund. A budgetary comparison statement has been provided for the general fund as part of supplementary information to demonstrate compliance with the School's budget.

The basic governmental fund financial statements can be found on pages 17 - 20 of this report.

Notes to Financial Statements

The notes to the financial statements provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements.

The notes to the financial statements can be found on pages 21 - 30 of this report.

Management Analysis of Operations and Financial Condition

Government-Wide Financial Analysis

The School's net position increased from \$450,684 in 2021 to \$536,706 in 2022.

		June	30,
		2022	2021
	Assets		
	Current assets		
1110	Cash	\$ 591,200	\$ 728,538
1130	Accounts receivable	342,263	206,102
	Total current assets	933,463	934,640
1300	Property and equipment	260,950	95,628
	Total assets	1,194,413	1,030,268
	Deferred outflows of resources	62,322	18,423
	Liabilities and net position Liabilities		
	Current liabilities		
2120	Accounts payable	189,727	125,089
2110	Accrued payroll	287,819_	297,822
	Total current liabilities	477,546	422,911
	Deferred inflows of resources	242,483	175,096
	Net position		
2770	Invested in capital assets	260,950	95,628
2790	Unrestricted	275,756	355,056
	Total net position	\$ 536,706	\$ 450,684

Increase in net position of \$86,022 was attributable to increase in funding from federal and state lunch, School Readiness ARPA Grant, and Title 1 ESSER 2 Grant amounting to approximately \$236,000. Expenditures, reflected on page 13, only increased by approximately \$40,000 after being netted by special and capital revenue of approximately \$215,000 (for assets capitalized) and \$105,500 of a surplus for food program funded by special revenue.

Management Analysis of Operations and Financial Condition (continued)

Government-Wide Financial Analysis

The School's revenue and expenditures may be summarized as follows:

		Fiscal Year	s Ended
		June 3	30,
		2022	2021
		(Rounded)	(Rounded)

Changes in net position	_	86,000	\$ (110,000)

- A Money received for assets capitalized
- B Represents surplus in food program

Management Analysis of Operations and Financial Condition (continued)

The overall revenue increase could be mostly attributable to federal through state school lunch (Covid 19), ESSER 2 Grant, and school readiness ARPA grant by approximately \$236,000. Overall expenditures increased by approximately \$40,000. Such expenditures have been netted in the statement of activities by the following: (1) approximately \$215,000 for the purchase of capital assets which have been included in the statement of position, and (2) excess revenues from the food program special revenue fund of approximately \$105,500. Therefore, creating an increase in net position from prior year of approximately \$156,000.

Expenses showed their variances depending on the nature of its services. The largest outflow of money is usually observed in the amount spent for services obtained. The detail of these expenditures can be seen in the Statement of Governmental Funds Revenue, Expenditures and Changes in Fund Balances, page 19.

Governmental Funds

The focus of the School's *governmental funds* is to provide information on *near-term* inflows, outflows, and balances of *spendable* resources. Such information is useful in assessing the School's financing requirements. In particular, *unreserved fund balance* may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

At the end of the fiscal year, the School's governmental fund reported a fund balance of \$275,756.

Governmental Fund Budget Analysis and Highlights

Prior to the start of the School's fiscal year, the Board adopts an annual budget. Total actual revenue was higher than budgeted by approximately \$717,000 due to the Title 1 ESSER 3 Grant ARP. Such grant budget amounting to \$890,000 represents a three-year period, therefore it is approximately \$660,000 higher than the actual expense for the current year ended June 30, 2022. In this connection, total actual expenditures were lower than budgeted by approximately \$640,000. Refer to page 35 for the Statement of Governmental Funds Revenue, Expenditures and Changes in Fund Balances – Budget and Actual – Governmental Funds.

Capital Assets

The School's investment in capital assets as of June 30, 2022 amounted to \$260,950 (net of accumulated depreciation of \$355,429). This investment in capital assets includes improvements to building, automobiles and kitchen equipment accounts for the current year.

Request for Information

The financial report is designed to provide the reader with a general overview of the School's finances, as well as demonstrate accountability for funds the School receives. Questions concerning any of the information provided in this report, or requests for additional information, should be addressed to Juana Brown at 402 West Main Street, Immokalee, FL 34142-3933.

(A Not-for-Profit Organization)

Reconciliation of the Statement of Governmental Funds Revenue, Expenditures and Changes in Fund Balances to the Statement of Activities Year Ended June 30, 2022

Net change in fund balances – statement of governmental funds revenue, expenditures, and changes in fund balances	\$ (79,300)
Amounts reported for governmental activities in the statement of net assets are different because:	
Capital assets used in governmental activities are not financial resources and therefore are not reported as assets in governmental funds.	
Expenditures for capital assets	216,568
Less current-year depreciation expense Change in net position – statement of activities	\$ (51,246) 86,022
Change in net position – statement of activities	\$ 86,022

Note 1 Organization and Purpose

Redlands Christian Migrant Association, Inc. (RCMA and/or the Organization) was incorporated as a not-for-profit organization under the laws of the State of Florida in 1965. RCMA's purpose is to administer child-care centers, including services to children with disabilities and early childhood education centers for the children of migrant and seasonal farm workers whose families' total income does not exceed an amount over the poverty levels. RCMA achieves its purpose through a variety of programs funded substantially by federal and state grants and individual contributions.

In 1999, the board of directors and administration approved a plan to open a charter school since this was in line with the Organization's mission. The Organization obtained approval and opened its charter school for the 2000 - 2001 school year under a charter of the sponsoring school district, the Hillsborough County Public District School Board (the District).

The School entered a new 10-year charter renewal contract with the District starting July 1, 2020 and ending in June 2030. Under this new agreement, RCMA Wimauma Community Academy combined its operations with its sister school RCMA Leadership Academy to provide educational services as a single institution. In this connection, the Schools' name was officially changed to RCMA Wimauma Community Academy starting on the school year 2020.

Note 2 Summary of Significant Accounting Policies

Reporting Entity

The accompanying financial statements are for Wimauma Community Academy, (the Charter School or the School), a program of RCMA. The governing body of the Charter School consists of eleven of the at large members of the RCMA board of directors. All board members have been finger-printed and processed as required by the state's school board law.

Basis of Presentation

The accompanying financial statements have been prepared in accordance with the accounting principles generally accepted in the United States of America as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard setting body for establishing governmental accounting and financial reporting principles. The accompanying financial statements are included in the financial statements of RCMA using the not-for-profit model of reporting. However, the accompanying financial statements are presented using a governmental model for purposes of reporting to the District.

Note 2 Summary of Significant Accounting Policies (continued)

Basic Financial Statements

The basic financial statements include both government-wide (based on the Charter School as a whole) and fund financial statements according to Governmental Accounting Standard Board.

Government-Wide Basic Statements

The government-wide financial statements include a Statement of Net Position and Statement of Activities, which measure all economic resources and are prepared using full accrual accounting. In the government-wide Statement of Net Position, both the governmental and business-type activities are presented on a consolidated basis and are reflected, on a full accrual economic resource basis. The financial statements reflect costs using the function and object dimensions required by the publication Financial and Program Cost Accounting and Reporting for Florida Schools (the Red Book) as required by Section 1002.33(9)(i), Florida Statutes.

Fund Basic Financial Statements

In the fund financial statements, financial transactions and accounts of the School are organized on the basis of funds. The operation of each fund is considered to be an independent fiscal and separate accounting entity, with a self-balancing set of accounts according to cash and/or financial resources. The School's fund financial statements include the following funds: The General, Special Revenue and Capital Projects. These funds are used for the following purposes:

General Fund

The General Fund is used to account for the full-time equivalent (FTE) fee received from the District, unrestricted contributions, interest and other income and the expenditures incurred under the Charter School contract with the District.

Special Revenue Fund

The Special Revenue Fund is used to account for the proceeds of specific revenue sources (other than major capital projects) requiring separate accounting because of legal or regulatory provisions or administrative action.

Capital Projects Fund

The Capital Projects Fund is used to account for monies received for the use of construction, property lease, renovations and maintenance of school facilities.

Measurement Focus and Basis of Accounting

Basis of accounting refers to the point at which revenue and expenditures/expenses are recognized in the accounts and reported in the financial statements. It relates to the timing of the measurements made regardless of the measurement focus applied.

Note 2 Summary of Significant Accounting Policies (continued)

Measurement Focus and Basis of Accounting (continued)

The governmental funds basic financial statements are maintained and reported using the modified accrual basis of accounting using the current financial resources measurement focus.

Under this method of accounting, revenue is recognized in the period that they become measurable and available. The Charter School considers revenue to be available if they are collected within 60 days of the end of the year.

Since the governmental fund statements are presented on a different measurement focus and basis of accounting than the government-wide financial statements, a reconciliation schedule is prepared which reflects the adjustment necessary to reconcile the fund financial statements to the government-wide financial statements.

Governmental activity in the government-wide basic financial statements is presented on the full accrual basis of accounting. Revenue is recognized when earned and expenses are recognized when incurred using the economic resources measurement focus.

Deferred Outflows/Inflows of Resources

In addition to assets, the statement of financial position will sometimes report a separate section for deferred outflows of resources. This separate financial statement elements, deferred outflows of resources, represents a consumption of net position that applies to a future period(s) and so will not be recognized as an outflow of resources (expense/expenditure) until that time.

In addition to liabilities, the statement of financial position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element deferred inflows of resources, represents an acquisition of net position that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time.

Comparative Financial Statements

The financial statements include prior-year summarized comparative information in total, but not by fund. Such information does not include sufficient detail to constitute a presentation in conformity with generally accepted accounting principles. Accordingly, such information should be read in conjunction with the School's financial statements for the year ended June 30, 2021, from which the summarized information was derived.

In addition, as explained in Note 1, the RCMA Wimauma Academy and RCMA Leadership Academy combined their operations as of July 1, 2020.

Note 2 Summary of Significant Accounting Policies (continued)

Uses of Estimates

In preparing these financial statements, management must make estimates based on future events that affect the reported amounts of assets and liabilities, the disclosures of contingent assets and liabilities as of the date of the statement of financial position, and the revenue and expenses for the period then ended. Actual results could differ from these estimates. A description of some of the estimates used is included in the following significant accounting policies.

Revenue Sources

General Fund

Revenue in the general fund reflect the funds received from the Hillsborough County School District pursuant to Section 1011.62 of the Florida Statutes. Such revenue is determined based on (1) un-weighted FTE (Full Time Equivalent), multiplied by (2) the cost factor for each program, multiplied by (3) the base student allocation established by the legislature.

Additional funds for exceptional students who do not have a matrix of services are provided through the guaranteed allocation designated in Section 1011.62 (1)(e)2 of the Florida Statutes. In this connection, the School reported 341.50 un-weighted and 372.67 weighted FTE for the 2021 – 2022 school year.

The Charter School's funding pursuant to the Florida Education Finance Program (FEFP) is subject to adjustments resulting from Full Time Equivalent (FTE) audits conducted by the Auditor General pursuant to Section 1010.305, Florida Statutes, and Rule 6A-1.0453, Florida Administrative Code (FAC). In addition, the Charter School's Weighted Funding percentage as defined in the regulations represents the percentage of total state funding which would be at risk should certain specific records for the School's Exceptional Students Education (ESE) and English for Speakers of Other Languages (ESOL) programs not be maintained up to standards. Such records include the following:

- Attendance and membership documentation (Rule 6A-1.044,FAC)
- Teacher certificates and other certification documentation (Rule 6A-1.0503,FAC)
- Procedural safeguards for weighted programs (Rule 6A-6.03411, FAC)
- Evaluation and planning documents for weighted programs (Sections 1011.62(1)(e), FS, and Rule 6A-6.03411, FAC)

Schools are required to maintain the documentation for three years or until the completion of an FTE audit.

In addition, the School receives state funds through the District under the charter school capital outlay funding pursuant to Section 1013.62, Florida Statutes. Funds are based on capital outlay plan submitted to the District and are to be used for lease of school facilities.

Finally, the School receives federal awards for the enhancement of various educational programs. Federal awards are generally received based on applications submitted to and approved by various granting agencies. For federal awards in which a claim to these grant proceeds is based on incurring eligible expenditures, revenue is recognized to the extent that

Note 2 Summary of Significant Accounting Policies (continued)

Revenue Sources (continued)

General Fund

eligible expenditures have been incurred. Any excess amounts are recorded as deferred revenue until expended. Additionally, other revenue may be derived from various fundraising activities and certain other programs.

Special Revenue Fund

The special revenue fund reflects the School's federal awards for the enhancement of various educational programs. Revenue on the federal awards is recognized based on a) amounts allocated under the terms of the grant, or b) the amount of eligible expenditures incurred.

Capital Projects Fund

Reflects capital outlay funds for the use of leasing school facility or improvements on such.

Cash and Cash Equivalents

The Charter School considers all highly liquid investments with maturity of three months or less when purchased to be cash equivalents. There were no such investments as of June 30, 2022.

Accounts Receivable

The Charter School considers accounts receivable to be collectible; accordingly, no allowance for doubtful accounts is required. When amounts are determined to be uncollectible, they are charged to operations.

Property and Equipment

The Charter School records in the statement of net position property and equipment at cost when purchased or constructed, or at market value when donated. The Charter School capitalizes all expenditures in excess of \$1,000 for property and equipment at cost. Donations are reported as unrestricted support unless the donor has restricted the donated asset for a specific purpose. Assets donated with explicit restrictions regarding their use and contributions of cash that must be used to acquire property and equipment are reported as restricted support. Absent donor stipulations regarding how long those assets must be maintained, the Charter School reports expirations of donor-imposed restrictions when the donated or acquired assets are placed in service as instructed by the donor. Expenditures for major renewals and betterment that extend the useful lives of property and equipment are capitalized. Expenditures for maintenance and repairs are charged to expense as incurred.

Long-Lived Assets

Long-lived assets are reviewed for impairment when circumstances indicate that the carrying value of an asset may not be recoverable. If the carrying value is impaired, the long-lived assets will be written down to their fair market value with a corresponding charge to earnings. No such impairment was recorded for the year ended June 30, 2022.

Note 2 Summary of Significant Accounting Policies (continued)

Depreciation

Depreciation is included in the statement of activities. Such depreciation is computed on the straight-line basis over the following estimated useful lives of the assets:

Program equipment	3 - 5
Office equipment	3 - 5
Automobiles	3 - 10
Leasehold improvements	3 - 10
Kitchen equipment	3 - 5

Net Position Classifications

Net position is classified in three categories as follows:

<u>Invested in Capital Asset</u> – represents the difference between the cost of capital assets, less accumulated depreciation, reduced by the outstanding balances of any borrowings used for the acquisition, construction, or improvement of those assets.

<u>Restricted</u> – consists of net position with constraints placed on their use by external groups such as creditors, grantors, contributors or laws or regulations of other governments, or laws or regulations of other governments. There are no restricted amounts at year end.

<u>Unrestricted</u> – all other net position that does not meet the definition of "invested in capital assets" or "restricted".

Fund Balance

The governmental fund financial statements present fund balances under the provisions of GASB Codification Section 188.142. This statement defines the different type of categories that a governmental entity must use as follows:

Nonspendable – includes amounts that cannot be spent because they are either not in spendable form or are legally or contractually required to be maintained intact. Consists of fund balance associated with inventories, prepaid expenses, long-term notes receivable and deposits. This is due to their non-conversion to cash or are not expected to be converted to cash or are not expected to be converted to cash within the next year. There are no such funds at year end.

<u>Restricted</u> – includes amounts that can be spent only for specific purposes stipulated by constitution, external resource providers, or through legislation. There are no restricted funds at year end.

Note 2 Summary of Significant Accounting Policies (continued)

Fund Balance (continued)

<u>Committed</u> – includes amounts that can be used for specific purposes determined by formal action of the Board of Directors (highest level of decision-making authority). There are no committed funds at year end.

<u>Assigned</u> – includes amounts that the Board of Directors intends to use for a specific purpose, but they are neither restricted nor committed. There are no assigned funds at year end.

<u>Unassigned</u> – includes amounts that have not been restricted, committed or assigned for a specific purpose within the General Fund.

When the School incurs expenditures for which restricted or unrestricted fund balance is available, the School would consider restricted funds to be spent first. When the School has expenditures which are committed, assigned or unassigned fund balance is available, the School would consider committed funds to be spent first, then assigned funds and lastly unassigned funds.

Income Taxes

RCMA, Inc. is organized as a not-for-profit entity and is exempt from income taxes under Section 501(c) (3) of the Internal Revenue Code. Accordingly, no provision for income taxes is required.

Donated Space

Donated space is reflected in the accompanying statements at its fair value.

Note 3 Property and Equipment

Property and equipment consist of the following:

	Beginning Balance	Additions	Deletions	Ending Balance		
Cost						
Program equipment	\$ 77,381	\$ 1,531	\$ -	\$ 78,912		
Office equipment	28,006	-	-	28,006		
Automobiles	171,975	104,635	-	276,610		
Leasehold improvements	116,576	110,402	-	226,978		
Kitchen equipment	5,873	-	-	5,873		
	399,811	216,568		616,379		
Accumulated depreciation						
Program equipment	76,340	949	-	77,289		
Office equipment	26,841	466	-	27,307		
Automobiles	93,102	25,624	-	118,726		
Leasehold improvements	102,926	23,604	_	126,530		
Kitchen equipment	4,974	603	-	5,577		
	304,183	51,246	-	355,429		
Property and equipment, net	\$ 95,628	\$ 165,322	\$ -	\$ 260,950		

Depreciation expense for the year ended June 30, 2022 and 2021 amounted to \$51,246 and \$29,736, respectively.

Note 4 Contingency

The Charter School is subject to federal, state and local government audits. These audits could result in the questioning of expenditures relating to certain grants under various technical compliance provisions of the individual grants. No expenditures are being questioned as of June 30, 2022.

The Charter School has an agreement with one of the landlords, Beth-El Farmworker Ministry Inc., for the land where the facilities are on. The agreement provides for rent of \$1 a year from 2006 to 2050.

Note 5 Employee Benefits - Profit-Sharing Plan

The Charter School's employees participate in the 403(b) Thrift Plan of Redlands Christian Migrant Association, which provides for employer's contributions from 3% up to 5% of all employees' contribution into the plan. The School's match is based on employee's length of employment. In addition, the Charter School funds 6% of compensation for contractual employees. Thrift Plan expenses aggregated to \$119,161 and \$115,991 for the years ended 2022 and 2021, respectively.

Note 6 Related Party Transactions

Sponsor Organization

In 2021, the Charter School entered into a one-year lease agreement with RCMA (the Sponsor Organization) for its educational facility. The lease requires one annual payment of \$120,000. In the event the School does not collect FTE Capital Outlay funds amounting to the total annual rent the difference is recorded as donated space from the Sponsor Organization. In this connection, for the year ended June 30, 2022, there was no amount accounted for in-kind.

Furthermore, the Charter School reimburses RCMA for indirect costs composed of various support expenses. These costs aggregated to \$178,835 and \$154,493 for 2022 and 2021, respectively.

School District

Pursuant to the Charter School contract with the School District, the District withholds an administrative fee of 5% of the qualifying revenue of the School. For the year ended June 30, 2022 and 2021, administrative fees withheld by the School District totaled \$98,357 and \$99,523, respectively.

Note 7 Business Concentration and Credit Risk

Business Risk

Federal and state or local grants substantially fund the Charter School's services. Governmental work may be significantly impacted by budget allocations and consequently an adverse change in the budget could affect the Charter School's operations.

Credit Risk

It is the School's policy to maintain its cash in major banks. As of June 30, 2022, all of the School's cash funds qualified as a Public Deposit as defined in Chapter 280 of the Florida Statutes and, therefore, it is fully insured.

Note 7 Business Concentration and Credit Risk (continued)

Uncertainty

RCMA (the Sponsor) was informed by the HHS Office of Inspector General ("OIG") in early August of 2022 that it is the subject of an inquiry into whether its payment and procurement practices are compliant with the Uniform Guidance, 45 CFR part 75. Compliance with the Uniform Guidance is a requirement of RCMA's federal grant funding and is not a requirement of the Charter School funding. Moreover, as the OIG just started its work, projecting an outcome or a financial impact, if any, would be highly speculative at this time.

Note 8 Risk Management

The School is exposed to various risks of loss related to torts, thefts of, damage to and destruction of assets, errors and omissions and natural disasters for which the School carries commercial insurance. Settlement amounts have not exceeded insurance coverage in the past. In addition, there were no reductions in insurance coverage from those in the prior year.

Note 9 Subsequent Events

Subsequent events have been evaluated through October 5, 2022, which is the date the financial statements were available to be issued.

Independent Auditor's Report on Internal Control over Financial Reporting and on Compliance and Other Matters Based on An Audit of Financial Statements Performed in Accordance with Government Auditing Standards

To the Board of Directors of Wimauma Community Academy A Program of Redlands Christian Migrant Association, Inc.

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of Wimauma Community Academy (the School), a program of Redlands Christian Migrant Association, Inc., (RCMA) (a not-for-profit organization), operating as a charter school of Hillsborough County District Schools, as of and for the year ended June 30, 2022, and the related notes to the financial statements, and have issued our report thereon dated October 5, 2022, which collectively comprise the School's basic financial statements as listed in the table of contents.

Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered Wimauma Community Academy's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Charter School's internal control. Accordingly, we do not express an opinion on the effectiveness of the Charter School's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Charter School's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the School's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the organization's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

ZOMMA Group, LLP

Coral Gables, Florida October 5, 2022

Management Letter Pursuant to the Rules of the Auditor General for the State of Florida

To the Board of Directors of Wimauma Community Academy A Program of Redlands Christian Migrant Association, Inc.

Report on the Financial Statements

We have audited the financial statements of Wimauma Community Academy, a program of Redlands Christian Migrant Association, Inc., (a not-for-profit organization), operating as a charter school of the Hillsborough County School District as of and for the fiscal year ended Wimauma Community Academy, and have issued our report thereon October 5, 2022.

Auditor's Responsibility

We conducted our audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, and Chapter 10.850, Rules of the Auditor General.

Other Reporting Requirements

We have issued our Independent Auditor's Report on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of the Financial Statements Performed in Accordance with *Government Auditing Standards*. Disclosures in those reports and schedule, which are dated October 5, 2022, should be considered in conjunction with this management letter.

Prior Audit Findings

Section 10.854(1)(e)1., Rules of the Auditor General, requires that we determine whether or not corrective actions have been taken to address findings and recommendations made in the preceding annual financial audit report. There were no findings or recommendations noted in the preceding audit report.

Official Title

Section 10.854(1)(e)5., Rules of the Auditor General, requires the name or official title of the School and the school code assigned by the Florida Department of Education be disclosed in this management letter. The official title and the school code assigned by the Florida Department of Education of the School are Wimauma Community Academy, 6615.

Financial Condition and Management

Section 10.854(1)(e)2. and 10.855(11), Rules of the Auditor General, require us to apply appropriate procedures and communicate whether or not the Wimauma Community Academy has

met one or more of the conditions described in Section 218.503(1), Florida Statutes, and to identify the specific condition(s) met. In connection with our audit, we determined that the Wimauma Community Academy did not meet any of the conditions described in Section 218.503(1), Florida Statutes.

Pursuant to Section 10.854(1)(e)6.a. and 10.855(12), Rules of the Auditor General, we applied financial condition assessment procedures for the Wimauma Community Academy. It is management's responsibility to monitor the Wimauma Community Academy's financial condition, and our financial condition assessment was based in part on representations made by management and the review of financial information provided by same.

Section 10.854(1)(e)3., Rules of the Auditor General, requires that we communicate any recommendations to improve financial management. In connection with our audit, we did not have any such recommendations.

Transparency

Sections 10.854(1)(e)7. and 10.855(13), Rules of the Auditor General, require us to apply appropriate procedures and communicate the results of our determination as to whether the audit maintains on its Web site the information specified in Section 1002.33(9)(p), Florida Statutes. In connection with our audit, we determined that the audit maintained on its Web site the information specified in Section 1002.33(9)(p), Florida Statutes.

Additional Matters

Section 10.854(1)(e)4., Rules of the Auditor General, requires us to communicate noncompliance with provisions of contracts or grant agreements, or abuse, that have occurred, or are likely to have occurred, that have an effect on the financial statements that is less than material but warrants the attention of those charged with governance. In connection with our audit, we did not note any such findings.

Purpose of this Letter

Our management letter is intended solely for the information and use of the Legislative Auditing Committee, members of the Florida Senate and the Florida House of Representatives, the Florida Auditor General, Federal and other granting agencies, the Board of Directors, applicable management, and is not intended to be and should not be used by anyone other than these specified parties.

Note to Statement of Governmental Funds Revenue, Expenditures and
Changes in Fund Balances – Budget and Actual – Governmental Funds (Unaudited)

Basis of Accounting

The Statement of Governmental Funds Revenue, Expenditures and Changes in Fund Balances – Budget and Actual – Governmental Funds are maintained and reported using the modified accrual basis of accounting using the current financial resources measurement focus. Under this method of accounting, revenue is recognized in the period that they become measurable and available. The School considers revenue to be available if it is collected within 60 days of the end of the fiscal year.
