Principal's Message

It's been a long, hot summer, but despite the summer heat Mr. Benzing continues to give our scholars an opportunity to develop their physical abilities, including their strength, endurance, balance, coordination, and flexibility. This past week, scholars focused on balance. Ms. Johnson saw scholars balancing on the balance beam, balancing bean bags on their heads, and balancing a tall wand on their hand. The little ones were singing Head, Shoulders, Knees, and Toes and found it amusing when Mr. Benzing kept singing it incorrectly. It's wonderful to see our scholars having fun in PE.
