2023-2024 Edition 12: 10/30/23

6th graders embarking on an adventure at Nature's Classroom!

Principal's Message

October 12, 2023 was the end of the 1st quarter and report cards were shared with parents on October 25, 2023. There is no question that the power of an effective teacher is to create real change! We know teachers have transformative powers through the evidence of the way that they positively affect their students' lives. Teachers spend countless hours planning and preparing meaningful lessons to ensure their students receive the best education possible. They are also assisted by some very resourceful teacher aides who work equally hard to support their teacher and the students. During the awards assembly last Thursday, Ms. Johnson had the scholars thank every teacher and teacher aide for their dedication to educate our youth. Teaching is not an easy job and we appreciate what our teachers do on a daily basis. 🍎 🍎
