- Sunday birthday: Mr. Luis!

Principal's Message

Happy New Year to everyone and we hope 2024 is a year of health, happiness, and prosperity. As we kick off the new year, I want to highlight the last day of school in December as it brought lots of joy to our scholars. Beautiful piñatas were purchased from one of our families and were used not only for hitting, but as decorations for our Holiday Festival. Twelve amazing piñatas brought a lot of fun for the classrooms and fun was had by all as scholars scrambled for the candy. Thank you, Mr. Santos and Ms. Maria for coordinating an enjoyable day. Additionally, our Terrific Kids were recognized for the month of December from the Kiwanis Club. With 2023 behind us, as well as most of our mid-year testing, it's time to focus on student learning and make adjustments where necessary to ensure our scholars are ready for testing in May. Welcome back to the 2nd half our 2023-2024 school year!
